Fair usage of water & electricity is included in your rent at Gatecrasher Apartments. It is unlikely that you will incur any additional charges for these services. Please see you contract for full details of your usage limit. A TV Licence is also included however we do not automatically obtain a license for the

property, you will need to advise us if you need one and bring in any correspondence from the TV licensing company.

Heating

Your apartment is provided with the latest eco efficient heating & hot water system via Sheffield's District Energy Network. The boilers are housed in a plant room within the development & are pre-set to efficiently give hot water & heating on demand. If the temperature in the core areas drops below 21°C it will activate the heating system. You can then control the temperature of the heating in your apartment with the thermostatic valve on each radiator from 0/low/summer setting to 5/high/winter setting; this will switch the radiator off when it reaches the correct temperature.

Fire Doors/Fire

There are special, additional fire doors in between specific apartments on the fifth floor. These are for South Yorkshire Fire Service's use ONLY, and should not need to be used by tenants. A call out charge will be applicable if they are opened or damaged. Fire Doors/corridors must be free from clutter & must not be blocked. Please familiarise yourself with your fire escape procedure in the eventuality of a fire and read through the fire safety tab on your home information app. Smoking or tampering with the detectors will set off the fire alarms. Call outs that are a result of malicious behaviour or false alarms could be subject to prosecution and fines from the related emergency services.
